

Sliding- and Fixing Clips for standing seam roofings

REES

REES Clips for angle- and machine folding

Designation with rounded edges and bead. To avoid the damaging of the roof-layer by high standing corners. Also to get more stability of the under part resp. equalizing the differences of nail heads.

Sliding Clips have a sliding range of 55 mm and are available in 6 different designations for seam heights from 25 to 50 mm.

If you use $\frac{1}{4}$ Fixing- and $\frac{3}{4}$ Sliding Clips the following sheet lengths are possible:

Titan-Zinc roofings:	till 12 meters
Stainless-Steel roofings:	till 16 meters
Aluminium roofings:	till 11 meters
Copper roofings:	till 14 meters
Zinc-coated steel roofings:	till 16 meters

If you handle longer sheets, we recommend our Long Sliding Clips with a sliding range of 70 mm.

We will be happy to advise you!
