Key Benefits

- Suited for residential and commercial building.
- Custom pan widths available to suit design requirements.
- Minimal maintenance compared to other building materials.
- Sleek and simple finish with no visible fixings.
- Ability to taper panels.
- Can be applied to a curved wall application.
- Versatile design and install options available.
- Simple installation method with no specialist tools required.
- Allows for building expansion and contraction.

Technical Support & Installation

Architectural Cladding Suppliers are here to help you. We can manufacture and provide everything that is required to complete your project from our cladding profiles, to all the associated accessories and flashings via our sister company, PPC Flashings.

As every architectural project is different, if you require custom advice, we can discuss your project specifications and will work with you to fabricate to your individual requirements.

For any further technical support please contact Architectural Cladding Suppliers.
